ELIGIBILITY

Park Nicollet Health Services calculates financial assistance based on patients' household income compared to what's called the Federal Poverty Level (FPL). Patients whose household income is less than 275% of FPL will receive the most generous discount. Above 275% of FPL, the level of financial assistance will depend on household income, family size, and the total charges for the care. Please refer to Park Nicollet's Financial Assistance Policy for more information. If a patient has received emergency or other medically necessary care at Methodist and is eligible for financial assistance, Methodist will not charge more than amounts generally billed to patients that have health insurance coverage.

HOW TO APPLY

To apply for financial assistance, patients must fill out an application form and return it to Park Nicollet in person, by mail or by fax using the contact information above. Patients will be asked to provide documentation verifying income (such as a most recent, current federal income tax return and last 60 days of pay stubs, and/or benefit letter for Social Security, unemployment or disability and alimony agreement documentation) and information about current or potential health insurance coverage (such as Medicaid, Medicare, or private insurance).
