

FINANCIAL ASSISTANCE POLICY

INTRODUCTION:

Hudson Hospital & Clinic is committed to providing quality medical care to our patients, including those in need of financial assistance. As a result, our Financial Assistance Policy (referred to as “FAP” or “Policy”) is available to uninsured or underinsured patients based on the patient’s ability to pay for emergency and other medically necessary care. Our Policy is available to provide episodic help; it is not meant to provide long-term, free or discounted care. An application for financial assistance is valid for 6 months. Our Policy sets forth and describes eligibility criteria, how we calculate discounts, how to apply for financial assistance, the providers delivering care in our Hospital, and our emergency medical care policy. Patients can obtain free copies of this Policy and the financial assistance application form in person at all patient registration locations. For additional information or questions about the application process, or to request copies by mail, patients can contact our Patient Financial Services Department at 715-531-6200, or at 405 Stageline Road Hudson, WI 54016. Free copies of this Policy, application form, and translations can be accessed at <https://www.healthpartners.com/care/hospitals/hudson>.

FINANCIAL ASSISTANCE CALCULATION:

Hudson Hospital calculates a patient's level of financial assistance as follows:

A patient eligible for financial assistance will not be charged more than amounts generally billed (AGB) to insured patients by the Hospital for emergency or other medically necessary care. Currently, the Hospital determines AGB by multiplying gross charges for any emergency or other medically necessary care provided to a patient eligible for financial assistance by an AGB percentage of 45.11%, which is a 54.89% discount. The Hospital calculated this percentage by dividing the sum of all its claims for medically necessary care allowed by health insurers during a prior 12 month period of January 1, 2023 through December 31, 2023, by the sum of the associated gross charges for those claims.

For example: Patient A has a \$10,000 hospital bill. Patient A is eligible for financial assistance. Hudson Hospital & Clinic will not charge Patient A more than \$4,511 for the care related to that bill (10,000 X (AGB) 45.11%).

PRESUMPTIVE ELIGIBILITY

Hudson Hospital & Clinic may presumptively determine that a patient is eligible for financial assistance based on a prior eligibility determination or meeting certain circumstances for financial assistance, which include:

- Homelessness
- Medically necessary services not covered or payable under a Medicaid program or federal grant rendered to a qualified recipient
- Qualification and effective date for Medicaid subsequent to the service dates
- Deceased and no surviving spouse

Excluded services included elective services (cosmetic services or other non-medically necessary), as well as balances that should be paid by insurance, like Medicare, Medicaid, automobile, workers' compensation or liability insurance. Hudson Hospital may choose to grant presumptive eligibility in rare or unusual patient situations not specifically set forth in this FAP. In making presumptive eligibility determinations, if the presumptive discount is not the most generous discount available, Hudson Hospital & Clinic will notify patients and give a reasonable amount of time for the patients to personally apply for financial assistance."

LIST OF PROVIDERS IN HOSPITAL

Hudson Hospital & Clinic is required to list all providers, other than the Hospital itself, delivering emergency or other medically necessary care in the Hospital and specify which providers are covered by this Policy and which are not.
