POLICY:

Lakeview Hospital is committed to providing quality medical care to our patients, including those in need of financial assistance. As a result, our Financial Assistance Policy (referred to as “FAP” or “Policy”) is available to uninsured or underinsured patients based on the patient’s ability to pay for emergency and other medically necessary care. Our Policy is available to provide episodic help; it is not meant to provide long-term, free or discounted care. An application for financial assistance is valid for 6 months. Our Policy sets forth and describes eligibility criteria, how we calculate discounts, how to apply for financial assistance, the providers delivering care in our Hospital, and our emergency medical care policy. FINANCIAL ASSISTANCE CALCULATION:

Lakeview Hospital calculates a patient's level of financial assistance as follows:

1. A patient eligible for financial assistance will not be charged more than amounts generally billed (AGB) to insured patients by the Hospital for emergency or other medically necessary care. Currently, the Hospital determines AGB by multiplying gross charges for any emergency or other medically necessary care provided to a patient eligible for financial assistance by an AGB percentage of 39% The Hospital calculated this percentage by dividing the sum of all its claims for medically necessary care allowed by health insurers during a prior 12 month period of January 1, 2020 through December 31, 2020, by the sum of the associated gross charges for those claims.

For example: Patient A has a \$10,000 hospital bill. Patient A is eligible for financial assistance. Lakeview will not charge Patient A more than \$3900 for the care related to that bill (10,000 X (AGB) .39).

2. If more favorable than the AGB discount described above, uninsured Minnesota patients may be eligible for a discount pursuant to Lakeview Hospital's agreement with the Minnesota Attorney General, calculated by applying the same percentage discount that would apply to the Hospital's highest revenue non-governmental payer. Currently, the Minnesota Attorney General discount is determined by multiplying gross charges for any medically necessary care by a percentage of 60%.

PRESUMPTIVE ELIGIBILITY

Lakeview Hospital may presumptively determine that a patient is eligible for financial assistance based on a prior eligibility determination or meeting certain circumstances for financial assistance, which include:

- Homelessness
- Medically necessary services not covered or payable under a Medicaid program or federal grant rendered to a qualified recipient
- Qualification and effective date for Medicaid subsequent to the service dates
- Deceased and no surviving spouse

Excluded services included elective services (cosmetic services or other non-medically necessary), as well as balances that should be paid by insurance, like Medicare, Medicaid, automobile, workers' compensation or liability insurance. Lakeview Hospital may choose to grant presumptive eligibility in rare or unusual patient situations not specifically set forth in this FAP. In making presumptive eligibility determinations, if the presumptive discount is not the most generous discount available, Lakeview Hospital will notify patients and give a reasonable amount of time for the patients to personally apply for financial assistance."

LIST OF PROVIDERS IN HOSPITAL

Lakeview Hospital is required to list all providers, other than the Hospital itself, delivering emergency or other medically necessary care in the Hospital and specify which providers are covered by this Policy and which are not. This provider list is maintained in a separate document. Lakeview Hospital provides care, without discrimination, for emergency medical conditions to patients regardless of their ability to pay or eligibility for financial assistance. The Hospital prohibits any action(s) that discourage patients from seeking emergency medical care. Examples of prohibited conduct include: an employee or agent of the Hospital demanding that emergency department patients pay before receiving treatment for emergency medical care, or permitting debt collection activities that interfere with the provision of emergency medical care.

Lakeview Hospital shall comply with all applicable requirements of the Emergency Medical Treatment and Labor Act (EMTALA), including the provision of medical screening examinations, stabilizing treatment, and referring or transferring a patient to another facility when appropriate. Lakeview shall provide all emergency services in accordance with CMS conditions of participation
