

Outperforming industry benchmarks

A consistent leader in driving lower costs through health improvement*

HealthPartners uses unique health programs, engagement initiatives and innovative payment approaches to incentivize and reward high-quality care that's affordable. By partnering with providers, members, purchasers and communities, **HealthPartners delivers 10% lower total costs than the Minnesota benchmark and 9% lower than the Wisconsin benchmark.**

HealthPartners results

- **Delivering care to members more effectively than the competition.** HealthPartners' illness burden-adjusted Total Cost of Care (TCOC) is measurably lower than comparative Minnesota, Wisconsin and regional benchmarks.
- **Effectively coordinating care delivery.** HealthPartners plans are one of the top-rated private (commercial) health plans in Minnesota and one of the highest-rated health plans in the nation, with a rating of 4.5 out of 5*
- **Eliminating barriers and engaging members in preventive care, successfully.** 89-90% of HealthPartners Minnesota, Wisconsin, and regional members are actively engaged in their health. These rates are 4-5% higher than the comparative benchmarks, indicating HealthPartners has fewer barriers to receiving preventative and acute care, and treatment of chronic conditions.

Pharmacy achievements

HealthPartners integrated clinical programs, regular formulary evaluation, specialty pharmacy management and aggressive manufacturer contracting contribute to our outstanding outcomes.

HealthPartners pharmacy results:

Minnesota	19% lower total pharmacy costs 6% better generic prescribing rate
Wisconsin	23% lower total pharmacy costs 7% better generic prescribing rate
Regional	20% lower total pharmacy costs 6% better generic prescribing rate

TCOC achievements

IBM Watson Health found HealthPartners' illness burden-adjusted Total Cost of Care to be lower than the Minnesota, Wisconsin and regional benchmarks.*

HealthPartners TCOC results:

Minnesota	10% lower total health care costs
Wisconsin	9% lower total health care costs
Regional	7% lower total health care costs

*HealthPartners engaged IBM Watson Health to compare their illness burden-adjusted Total Cost of Care results to IBM Watson Health's benchmarks, which consists of **17 million commercial members**.
